RECOMMENDATIONS

"She is one of the most responsible, capable, caring individuals I've ever met. Amy goes after creative problem solving with enormous zest. She loves challenges- if you say, 'well, that's probably not possible,' be ready to see it achieved!"

"Her art is by no means easy to create and as a result of her extensive research with porcelain and light, her technical skills are wide ranged and intensive."

Lauren DeSerres, artist and teacher

"Amy is an excellent instructor with the ability to breakdown complex processes into steps that are easily understood. She is an incredibly talented artist with a passion that is inspiring to all!"
